

THE DAILY STAR

THURSDAY, AUGUST 12
LARGEST CIRCULATION IN THE CITY.

LOCAL BREVITIES.

CHAS. CALLAHAN, Esq., Prosecuting Attorney of the Police Court, arrived in the city last night, and was at his post this morning. Judging from his appearance, Charles must have had a nice time of it.

The Old Volunteer Firemen's Association and the Committee on the Firemen's Benefit held a meeting this evening at the hall of the Engine-house on Sixth street to take action on the report of the Committee.

BERNHARD BETTMAN, Esq., President of the Phoenix Society, was serenaded last night at his residence by Seidensticker's band and welcomed home after his return from the East. A banquet and speeches closed the happy occasion.

WM. CROSBY, who resides at 173 Sycamore street, was robbed at the Arctic garden, on Vine street, last night, while asleep in the out-house. An open-faced silver watch, a silk braided guard, with gold slides, and \$2.60 in currency were taken.

The Zoological Garden yesterday received a valuable contribution from the hands of Andrew Duesel, Esq., of St. Bernard. The specimen is in the shape of a great American Alligator, captured in Central America and forwarded to Cincinnati at an expense of not less than \$1000.

The alarm of fire this morning was sounded on account of a slight blaze in the roof of Fleischman's brewery just outside of the corporation line on the River road. The flames were extinguished without the aid of the engines. Loss about \$50, more on account of the water than the fire. Fully insured.

On Friday, the 6th inst., at Ripley, O., the son of John Heig fell off a log raft in the Ohio river and was drowned. The boy was eight and a half years old, light complexion and dark brown hair, eyes blue, and had a scar on the side of the head, just below the ear. He had on at the time a white cotton shirt and dark cotton pants.

SUNDAY next, being Assumption Day, the choir of St. Edward's church, under the direction of Dr. W. W. Wong, at 10 o'clock A. M., will render Haydn's Third Mass; at 3 o'clock P. M., Grand Musical Vespers. Choice selections from the masters will also be given for the offertory. All lovers of good music are cordially invited.

MR. GEORGE CAMPBELL desires us to state that the reports of a fight mentioned in the morning's papers are false. He says that there was no set-to at all, and that there had only been some interchanging of words. A fight had been proposed in order to settle the difficulties between James and Larkin, but it had not been accepted by the latter party.

The Board of Councilmen met in special session yesterday afternoon, but, after electing a Secretary pro tem, could not obtain a quorum, only twenty-five members answering to their names. President Fitzgerald thereupon adjourned the Board. There was considerable talk to the effect that the job was set up, and that the President didn't want that \$300,000 ordinance to come up. This may be so, for James is up to those little tricks, but the reproach to the large class of Councilmen who pay more attention to beer guzzling than to being present and attending to business, and paying attention when their names are called, is a much needed one.

Park Concert.
The Cincinnati Orchestra will perform the following music this afternoon at Burnet Woods Park:

Exposition March—Janotta.
Overture—"Romantic"—Keller Bela.
Waltz—"Indigo"—Strauss.
Fantasia—"Summer Day in Norway"—Wilner.
Overture—"King of Yivoli"—Adam.
"Les Trompettes du Regiment"—Locher.
Grand Selection—"Jewels"—Haley.
Finale—"Polka Schindler"—Stanny.

Marriage Licenses.
The following marriage licenses were issued since our last report:
Leopold Reiger and A. Lupert.
T. L. Gibson and Martha M. Sneed.
V. Fischer and Margaret Schmidt.
John Elder and Mary Deem.
John E. Grebe and M. E. L. Schmudde.
James J. Naive and Sallie B. Rice.
H. A. Bowman and F. Churnley.
August Post and Carrie Listner.
J. G. Better and E. Weigmann.
Alfred Downman and Ella Cloheey.
William Taylor and Alice White.

The End of Corbett's Case.
The Corbett case was finally settled late yesterday afternoon by the verdict of the jury dismissing Commissioner Corbett, and holding the city liable to the plaintiff, Martin Lyon, for his arrears of wages amounting to \$48.
Much interest was manifested in the case, as it is considered a test by the working men who have not received their pay, and a general spirit of rejoicing was manifested among the crowd at the announcement of the verdict. It is probable that a large number of similar suits against the city will be commenced soon.

Building Permits.
The following permits were issued since our last report:
P. Higdon, two-story frame on Observatory street, near Hatch; estimated cost \$3,000.
H. B. Holzinger, repair corner of Sixth and Jape streets; estimated cost \$1,500.
R. Lotterbeyer, three-story brick at 525 Eighth street; estimated cost \$2,500.
B. Roth, three-story brick on Seventh between Mound and Cutter streets; estimated cost \$3,000.
E. J. Buchanan, two-story brick house on Gilbert avenue near Park entrance; estimated cost \$10,000.

Lien Stock in the State of Ohio.
Through the kindness of Deputy Auditor Van Tyne, we have received a tabular statement of the number of horses, cattle, mules, etc., sheep and hogs returned to the Auditor of State's office, by the several county Auditors, for the years 1874 and 1875.

The totals of the returns from the different counties give 730,233 horses in the State last year, and 758,833 this year; number of cattle returned last year 1,678,864, this year 1,539,260; number of mules last year 130,243, this year 26,321; number of sheep in 1874 4,333,668, in 1875 4,100,288; hogs in 1874 1,915,280, in 1875 1,718,399.

Of the horses, Hamilton county had 79,36 in 1875, being 255 less than last year; of the cattle 22,656, which was 52 less than returned last year; of mules 1,003, being 24 more than last year; of sheep but 3,783 against 4,140 last year, and of hogs 20,842 against 22,260 in 1874.

VANDALISM.

Thousands of Dollars' Worth of Plate Glass Destroyed.

Considerable excitement exists in different parts of the city this morning regarding a feature of vandalism which seems to have broken out in a number of different points last night.

In from fifty to a hundred different places on Fourth, Fifth, Sixth, Main, Walnut, Vine and other streets the large plate-glass windows have been scratched with a diamond or glass-cutter in such a manner as to cause them to break when cold weather sets in.

The large pane of glass, on the northwest corner of Weatherby's, was scratched with a glass-cutter in two almost parallel lines, extending through the entire breadth of the light.

John Hart's shoe store, next door to Weatherby's building, shows scratches almost similar. Burrows' dry goods store, a few doors further, is scratched here and there with oval figures.

Daniels & Nichols' tailoring establishment, further on, as also the stores of E. M. Davis, H. G. Feder, Hewes & McCann, Hughes & Mariarty, J. B. Bobe, T. Abbott, D. Levine and several others are all more or less similarly scratched, and much damage, both to the appearance of the windows and their durability, is sustained.

In Bobe's jewelry store, on Fifth street, a square is scratched in the window large enough, if broken out, for a man's arm to pass through.

On Fourth street, windows of several stores have also been scratched, among which are Applegate's, A. B. Closson's, A. Krell's, the New England Hose Co.'s, the Wheeler & Wilson sewing machine establishment, and several others.

Along Main, Walnut and Vine streets similar despoliations of show windows are reported, and some step ought to be taken to bring the offenders of this kind to justice and thus prevent the repetition of these malicious deeds and the large destruction of property.

The general opinion seems to be that the work is that of some reckless parties who did not know or care what the results would be. Some, however, think the cutting was done by parties intending to break in at the windows, or to profit by the breaks, which the changes in the weather are sure to bring about.

The damage cannot be estimated at present, but if it is found necessary, as it is believed it will be, to remove the glass before cold weather sets in, the loss will be very heavy, as these windows are very expensive.

BASE-BALL.

A Whitewash for the Ludlows—Other Games—A New Nuisance.

The game between the Chicagoans and the Ludlows yesterday resulted, as was expected, in a victory for the former club. Two men from the Ludlows, Jones and Stiles, did not play, but Doescher filled Jones' vacancy to the entire satisfaction of every one, making one beautiful and seemingly impossible stop in the third inning. The center fielder, Hines, of the White Stockings, made a magnificent play in the fourth inning, taking a running catch in time to make a double play at second.

There was not a very large crowd in attendance owing, perhaps, to the threatening weather. The following is the score:

Ludlows	1	2	3	4	5	6	7	8	9	0
White Stockings	0	0	1	2	4	0	4	0	0	15

The champion Reds of Boston will play the Ludlows at Ludlow Park tomorrow, and the Stars of Covington on Saturday.

The Blue Stockings, of Cumminsville, have greatly improved their grounds within the past week, having regraded their left field, leveled the hillock in front of the spectators' stand, and made other improvements. Their game this afternoon, with the masters, promises to be of considerable interest and will doubtless attract large crowds.

Their grounds can be reached via Spring Grove avenue street cars, the Marietta, Dayton Short-Line or Hamilton and Dayton Railroad.

The Cincinnati Red Stockings defeated the Eagle, at Louisville, yesterday, by a pretty game. Score, Cincinnati, 8; Eagle, 4.

To-day they play the Olympics, of the Falls City. Nichols, third baseman, filled the nine at Louisville to-day.

The Quick Step B. B. Club has organized with the following players: J. Simon, catcher; L. Buebe, pitcher; J. Walcott, 1st b.; Ed. Jones, 2d b.; M. Brecht, 3d b.; F. Dickhoff, r. f.; Albert Ort, c. f.; F. Romney, l. f. The officers are as follows: L. Buebe, Captain; A. Ort, Treasurer; M. Brecht, Secretary; F. Dickhoff, Stockholder.

The razor-slashers and lather-dispensers of Charles Reid's tonsorial establishment, on Central avenue, will play a game of base-ball at Cedar Grove next Sunday afternoon with a nine from one of their branch shops. They challenge any club from the barber-shops of the city to cross bats with them.

The Maley Floaters Base-ball Club have reorganized with the following members: A. Henshaw, c.; J. Brino, l. f.; J. S. Hull, p.; J. Ireland, 1st b.; J. Waken, c. f.; S. Kirsh, 2d b.; B. F. Shott, 3d b.; S. W. Hull, 3d b.; Sam. Bloom, s. s. Dr. F. E. Maley, President, and B. F. Shott, Captain.

There is a general and growing feeling that the prices charged for admission to witness the games are too high. During the base-ball excitement several years since but 25 cents was usually charged for admission to the finest games, but now when money is much less plentiful twice that amount is demanded. This is not only an injustice to the lovers of the game, but to the players themselves, as it makes the attendance, in the large majority of games, unusually small, and thus detracts from the interest felt by the players, besides throwing cold water over the enthusiastic public. The finest games in the East are seen for the old standard price of 25 cents, and the managers of this region will do well to endeavor to return to their first love in the matter of admission fees. Base-ball is a popular game, and should be afforded at popular prices.

AMUSEMENTS.

Notwithstanding the unfavorable weather of last evening the Grand Opera-house was again crowded, and few vacant chairs being seen, and those only around the outer circles.

Emerson was the great attraction last evening, being greeted by the warmest applause, especially when a large and handsome flower basket from the ladies of Cincinnati, was laid at his feet. "My heart is broken—wide open," said Billy, as he gathered up the flowers and departed. Manager Mack announced an entire change of programme for this evening.

The Press Association of Mississippi are expected to arrive in our city on Saturday, the 14th. They are partly the guests of the type foundry.

THE EXPOSITION OF 1875.

Horticultural Hall—The Opening Exercises—Meeting of the Board Yesterday.

One of the most attractive features of the Exposition this year promises to be Horticultural Hall. This part of the building, under the tasteful direction of Mr. Edmund Pendleton and his assistant committeemen, has been entirely remodeled—the old and cumbersome bridge that formerly connected with Art Hall having been entirely removed, and in its stead a light and beautiful bridge of rustic work, old logs overgrown with moss and creepers, arches across the miniature lake in the center of the hall. The supporting pillars and side walls are covered as in past years, though in a more artistic style, with bark and tangled vines, in imitation of withered trunks and jagged stumps.

The walls, pillars, rock work and bridge are all thickly covered with fresh green climbers, one with the waxy leaves of the Madeira vine, another with the more delicate but not less beautiful Cobaea Scandens. From the large crevices of the grotesque of the west end of the hall, where flow endless streams of clear water, drooping delicate ivies, sword leaf ferns and the more common but ever favorite Wandering Jew. Along the banks and margin of the artificial lake grow the larger-leaved foliage plants, such as the Calladium and Indian Shot. The nicely-graveled walks are lined with beautiful plants of every description, giving to this place a richness and verdure that has never been surpassed by any of our former Expositions.

The grove surpasses anything of the kind ever before seen here, completely disguising art in its approach to nature, the water bubbling from the sides and dripping from its roof with a naturalness that excites the astonishment of every beholder.

The cut flower stands upon the south side, have been set out from the wall some ten feet further than formerly, allowing visitors to pass along both sides of the table, affording a far better opportunity of viewing the flowers. This was a most judicious disposal of space and surpasses all similar exhibitions in this part of the country, owing to the large premiums to be offered, amounting in all to between \$5,000 and \$6,000, the hotels alone contributing some \$1,200.

The other departments of the Exposition are not so far advanced as the Horticultural, but application for space are coming in rapidly and the exhibition of 1875, we are assured, will take precedence over any of the past.

MEETING OF THE BOARD.

The Board held their regular meeting yesterday afternoon, President Henderson in the chair. A communication from Mr. H. W. Derby, containing a proposition to exhibit the painting of the "Prodigal Son" at the Exposition for the benefit of the Springer Ball fund, at a small extra cost to visitors, was referred to the committee on Space, Bills and payrolls amounting to \$500 were approved.

The committee on Printing was authorized to print the tickets for the coming Exposition.

Colonel Lane reported that the applications for space were coming in so numerous that it would become necessary to consider the feasibility of bridging the canal and inclosing the space in the rear of the hall on Plum street.

Mr. Dale, from the Committee on Jurors and Awards, was authorized to order twenty-two gold medals, three hundred silver, and two hundred bronze, as the first instalment necessary.

The design for the coming Exposition presented by the Committee on Badges was approved, and the ordering of them left in the hands of the committee.

Messrs. Reid, Glenn and Hooker were appointed a special committee of three to solicit the merchants and manufacturers to procure complimentary tickets.

THE OPENING DAY.

The General Committee of the Exposition Commissioners, with the representatives of the industrial interests of this city and of the military and other organizations, held a meeting last night for the purpose of general conference on the opening ceremonies of the next Exposition.

Mr. Henderson, President of the Industrial Commission, occupied the chair, and Mr. Samuel V. Reid acting as Secretary. Mayor Johnson was also present. The committee appointed a further meeting at 4 o'clock this afternoon, in Exposition building, to hear further from the industrial interests of the city, and then nominated the following Committee on Decoration and Illumination, and instructed the Secretary to notify the gentlemen named in the appointment: George W. Jones, C. W. Roland, L. C. Weir, W. G. Morris, L. C. Hopkins, Thomas Paxton, Andy Hickenlooper, F. Marmet, John L. Thompson, Henry Scholman, A. P. C. Bonte, Michael Eckert, Joseph Kinsey, W. T. Bishop, John Gossler, Joseph Tronseth, Brooks Johnson, Henry Mack, Dr. T. C. Minor, Hugh Campbell.

On motion, Colonel W. L. Robinson, for military, and William St. Martin for civil affairs, were added to the General Committee.

The following distinguished personages will be especially invited to appear at the opening ceremony: Gen. W. T. Sherman, Gen. O. Johnston, Gen. B. Butler, Gen. Wade Hampton, Gen. Paul Sheridan, and M. D. Leggett, Esq., Commissioner of Patents.

The following have given their promise to co-operate at the public demonstration for the opening day of the Exposition: First—The Base-ball companies. Second—The Ladies' Cordwainers' Society.

Third—French Mutual Benevolent Society. Fourth—Knights of Pythias. Of this organization Mr. E. T. Haines stated that out of the membership in the State—about six thousand—fully one thousand, handsomely uniformed, could be turned out for the procession.

Fifth—Hill's Lock and Safe Company. Sixth—Crane, Breed & Co. Seventh—The military companies, including the Camp Dennison Dragoons, Capt. Dempster, the whole under command of Col. Wm. L. Robinson.

At the Gibson.

Wm. Pullan Discharged by the Governor.

The following requisition was received by Sheriff Springmeyer, this morning, and will explain itself:

STATE OF OHIO EXECUTIVE DEPARTMENT, COLUMBUS, August 9, 1875.
To the Sheriff of Hamilton County:
Sir—On the 28th day of April, 1875, the Governor of Missouri made requisition on me, Wm. Allen, for the arrest of Wm. Pullan, charged with bigamy in said State. On the 3d of June said requisition was received by me, and a warrant was issued commanding you to arrest the said W. Pullan and bring him before a Common Pleas Court Judge. Satisfactory evidence has now been received, however, that the said W. Pullan obtained a decree, divorcing him from the woman he married August 9th, 1866, before he married his present wife, and is, therefore not guilty of bigamy. Therefore I, William Allen, Governor of Ohio, command you to discharge the said Pullan from custody.

WILLIAM ALLEN,
Governor of Ohio.

THE ATHLETICS CARICATURE.—We have received from the publisher, R. Bloomfield, 30 North Fifth street, Philadelphia, a copy of a caricature of the Athletics club. It is from pen sketches of T. H. Fleming, who has done his share of the work capitalizing, the likeness of the players are represented comical in the extreme. The lithographic work is also excellent, and altogether it is a picture which no baseball family should be without.—N. Y. Clipper, July 17, 1875.

THE TRUTH.
In the whole United States there is not a Baking Powder or Flavoring Extract that is so valuable, so positive, so effective in producing light, clean and beautiful bread and cakes, the most delicious, desirable and delicate flavored cakes, pastry, ice cream, &c., as Dr. Price's justly-celebrated Cream Baking Powder and Special Flavorings. Almond, Lemon and aromatic flavors. Try them, and you will be delighted with their qualities, and find that they are far superior to anything in their line.
